Improving Accessibility for E veryone!

E - Quality of Life Foundation, Inc. is a non-profit organization based in Jupiter. Its mission is to improve the quality of life for the physically challenged population. In Palm Beach County alone, 18% of the population is physically challenged and face entry barriers on a daily basis. The Foundation addresses accessibility obstacles and provides direct solutions through the installation of power automated door openers. The Foundation will create awareness within the community via educational tools and media in regard to this *explosive* issue!
